## BIO

A software engineering student currently enrolled in B.Tech AI (4th Year, 8th Semester) with proficiency of Web Development along with the problem solving abilities using python programming language. Innovative optimized solution seeker. I am ambitious, adventurous, ardent and attentive.

## EDUCATION

Degree	Institute	Board / University	CGPA/Percentage	Year
B.Tech AI	Poornima University, Jaipur	University	8.92 (6th Sem)	2020-2024
Senior Secondary	S.K Greenwood	CBSE	95.8%	2020
High School	Pole Star	CBSE	86.60%	2018

## EXPERIENCE

- Skill Vertex** July 2022 - August 2022  
*Web Developer Intern* Remote
  - Worked on the frontend part of projects and got a good grasp of backend also while working in a team.
- Celebal Technologies** May 2023 - July 2023  
*Data Engineer Trainee* Remote
  - Gained in-depth knowledge of PySpark, Sql, Python by hands-on training using real-life problems on Databricks

## PROJECTS

- Social Media Website** June 2023  
*Html, Css, Javascript, ReactJs*
  - This project is a social networking site completely made using ReactJs that is somewhat similar to Facebook, having several components such as feed, post, share, online, topbar, rightbar, etc. and added the functionality of likes and reactions using useState Hook.
  - Through this project, I got deep understanding of React Components, props, states, hooks and I have rendered data dynamically through react.
- Portfolio Website** November 2022  
*Html, Css, Javascript, ReactJs*
  - This portfolio website is made completely using React from scratch which have components like Header, Footer, About, Experience, Portfolio and Contact components.
  - Through this project, I got deep understanding of React Components, props, states, hooks, etc.
- Keeper-Google Keep's Clone** September 2022  
*Html, Css, Javascript, ReactJs*
  - This is a simple clone/imitation of Google Keep made with React. It uses React Hooks, state, props, and array mapping to allow for the creation and deletion of notes.
- Drum Kit** August 2022  
*Html, Css, Javascript, JQuery*
  - The point of this project is that each key, when pressed, make a corresponding drum noises. I also used CSS transitions and animations to make the project more interactive to the user.
  - Learnt DOM manipulation, key events concepts of Javascript by building this game.

## SKILLS

- Programming Languages:** Python, Javascript, Html, Css, DSA
- Frameworks and Databases:** Pyspark, SQL, ReactJs
- Tools:** Databricks, Github, Visual Studio, Pycharm, Thonny, Anaconda
- Soft Skills:** Communication, Adaptability, Time Management, HardWorking, Patient, Problem Solving

## CERTIFICATIONS

- Microsoft Certified Azure AI Fundamentals
- Microsoft Certified Azure Data Fundamentals
- NPTEL The Joy Of Computing Using Python
- NPTEL Getting Started With Competitive Programming

## ACHIEVEMENTS

- 13 institution rank on GFG.
- Received Google Cloud goodies after completing Milestone 1 in Google Cloud Skills Boost.
- Received Hacktoberfest goodies after contributing to Hacktoberfest Open Source Contribution Challenge.
- Top 10 percent in RedHat-It Aptitude Test.
- 400+ DSA Problems Solved across all platforms.
